DIARY NOTES

25X1

DD/S

17 December 1955

25X1A9A

25X1A9A

1. Had a long talk with Jim Garrison and agreed that he should have some help in his contracting section. Also agreed that [redacted] would replace [redacted] as Special Support Assistant to the Director of Logistics.

25X1A9A

2. Talked to Mr. [redacted] about the expansion of the Photo Interpretation Division in the DD/I area rather than the creation of an entirely new office. This has been agreed and I have approved of the proposed reorganization of the Division subject to post audit by the Management Staff, Office of Personnel, etc. H

3. Dick Smith of Fairfax County was in for a long talk as a result of the NCPC vote against the construction of our new building at Langley. I told him that I could not say what our future action would be until we had had a chance to study and analyze the NCPC report. He left here to see Congressman Broyhill and put the pressure on him to secure Congressman McMillan's vote and cast it for the Langley site. H
